

Hydraulic & Lube Filtration

For Immediate Release

SCHROEDER INDUSTRIES INTRODUCES

In-Line Filter | LC50

June 2015 | Leetsdale, PA

Leetsdale, PA - Schroeder Industries, a recognized leader in filtration and fluid conditioning products, introduces its new In-Line Filter | LC50.

The LC50 is a high pressure filter capable of handling 9 gpm at 150 SUS. The compact design allows for in-line installation on hose reels and is also suitable for a wide variety of other applications with operation pressures of up to 5,000 psi. Our high quality, high collapse synthetic elements come standard in this non-bypassing housing, ensuring all of the fluid is filtered.

In-Line Filter | LC50

About Schroeder Industries

Schroeder Industries, an ISO 9001: 2008 certified company, designs, manufactures and markets filtration products for the hydraulic and lubrication, filter systems, process and fuel industries. Their expertise in filtration technology, superior filter and element technology capabilities, dedication to customer service and product support are the reasons Schroeder is a worldwide leader in Advanced Fluid Conditioning Solutions®.
